School Happenings

This month we will be learning about Entomology, the study of bugs. Within this unit, we will learn about different types of bugs, diet and also life cycles. In addition, each classroom will be hatching butterflies from caterpillars!

In music, we will introduce the Russian composer and Orchestrator, Nikolai Rimsky-Korsakov. We will listen to his music including the famous “Flight of the Bumblebee”.

In art, we will introduce Eric Carle. Eric Carle is an American artist known for his remarkable illustrations in children’s books. Not only is Eric Carle an illustrator, but he is also an author of children’s books. We will enjoy looking at his beautiful illustrations while reading his book, “The Very Hungry Caterpillar”.

Low Sugar Policy

As a reminder, we are a low sugar school. We would appreciate your help with this as you pack your child/ren’s lunch. For example, there should be no candy included in lunch boxes. Thank you for your understanding and support.

Last Day of School

Our last day of school is Thursday, May 31st! To celebrate our last day of school, have your child wear their pajamas to school! In addition, don’t forget to check your child’s folder on this day for their year-end progress report.
